WASHINGTON, D.C. – The ADAP Advocacy Association today released its 2020 Annual Report – which highlights the organization’s ongoing commitment to access, information and participation for patient advocacy designed to promote and protect the AIDS Drug Assistance Program (“ADAP”). The report is shared using an infographic format to capture the previous year’s highlights.

“The Covid-19 pandemic upended our advocacy plans, but we successfully shifted gears to retool our patient advocacy and education,” summarized Brandon M. Macsata, CEO of the ADAP Advocacy Association. “Our focus was on how Covid-19 was impacting the lives of people living with HIV/AIDS, as well as the public health system designed to serve their needs. It culminated with us working with community-based, nonprofits to address Covid-19’s influence on marginalized communities.”
