ADAP Advocacy Association Launches ADAP Eligibility Calculator

New user-friendly, patient-centric tool added to its ADAP Directory

WASHINGTON, D.C. (September 23, 2016) – The [ADAP Advocacy Association](http://adapadvocacyassociation.org), also known as **aaa+**[®], today launched its ADAP Eligibility Calculator on its flagship ADAP Directory. The new user-friendly, patient-centric tool is designed to provide additional information about possible* eligibility for the AIDS Drug Assistance Programs (ADAP) for consumers, care providers and other stakeholders.

“The ADAP Directory continues to serve as the leading resource for patients seeking information about ADAP, as well as ADAP consumers already enrolled in the program,” said **Brandon M. Macsata**, CEO of the ADAP Advocacy Association. “We’re grateful for the collaboration with PillPack to add this important feature to the ADAP Directory.”

The ADAP Eligibility Calculator, is powered by PillPack. PillPack is a full-service pharmacy that delivers a better, simpler experience through convenient packaging, modern technology, and personalized service.

The ADAP Directory takes an innovative approach to ensure people living with HIV-infection have access to the information and resources they need to live healthy and productive lives. It consolidates useful ADAP-related information from all 50 states and 6 territories into one convenient location for:

- Easy access to ADAP resources organized by state and territory;
- Updated, current information for all 56 state ADAPs; and
- Uniform presentation of ADAP information for effective advocacy and easy dissemination.
