WASHINGTON, D.C. – The ADAP Advocacy Association today announced its 2023 Health Fireside Chats.

The **Health Fireside Chats** (*previously called, HIV/AIDS Fireside Chats*) assemble key stakeholder groups to discuss pertinent issues facing people living with HIV/AIDS and other chronic health conditions. In continuing the organization's strong commitment to patient-centric advocacy, each event will include local patient-advocates to ensure "*that the voice of persons living with HIV/AIDS shall always be at the table and the center of the discussion.*"

The following Health Fireside Chats will convene this year:

- Nashville, Tennessee in April 2023
- Philadelphia, Pennsylvania in September 2023
- New Orleans, Louisiana in December 2023

The Health Fireside Chats will employ strong Covid-19 safety protocols, including proof of vaccination for all attendees. In addition, all attendees will be tested for Covid-19 with the test kits provided by the ADAP Advocacy Association.
