ADAP Advocacy Publishes Infographic Series on the 340B Program

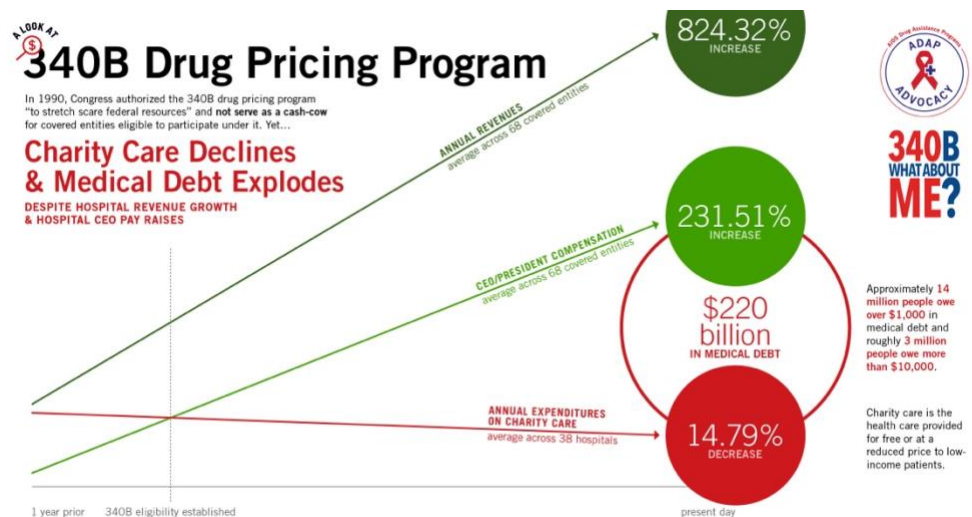

Infographics analyze hospital revenues and executive compensation, compared to hospital charity care and patient medical debt

For Immediate Release:
November 25, 2024

Media Contact:
info@adapadvocacy.org

WASHINGTON, D.C. – ADAP Advocacy today, as part of its 340B Project, published an infographic series on the 340B Drug Pricing Program. The infographics highlight how under the program, hospital charity care is declining while medical debt is exploding despite hospital revenue growth and hospital CEO pay raises. The ADAP Advocacy-sponsored Ryan White Grantee 340B Patient Advisory Committee has increasingly focused on medical debt and its impact on patients living with chronic illnesses and rare diseases.

The 340B infographic series can be downloaded online here:
<https://www.adapadvocacy.org/publications.html#i>.
