ADAP Advocacy Launches Patient Perspectives Survey on Medical Debt

Medical Debt is the most common collection item on consumer credit reports

For Immediate Release:
September 30, 2024

Media Contact:
info@adapadvocacy.org

WASHINGTON, D.C. – ADAP Advocacy today, as part of its 340B Project, launched an online survey to assess patient perspectives and experiences with medical debt. The ADAP Advocacy-sponsored Ryan White Grantee 340B Patient Advisory Committee earlier this year voted unanimously to commission the online survey. It is estimated that over **100 million individuals** in the United States have health care debt.

Anyone residing in the United States can complete the survey, which is available online at <https://cutt.ly/Medical-Debt-Survey>.

The QR code embedded herein can also be used to complete the survey:

To learn more about ADAP Advocacy or its patient survey on medical debt, please email info@adapadvocacy.org.
