340B Drug Pricing Program

340B
WHAT ABOUT
ME?

In 1990, Congress authorized the 340B Drug Pricing Program “to stretch scarce federal resources” and **not serve as a cash-cow** for covered entities eligible to participate under it. Yet, according to our examination across 68 covered entities...

824.32%
INCREASE

in average annual revenues

231.51%
INCREASE

in average CEO/President compensation

Despite hospital revenue growth and hospital CEO pay raises, hospitals' community benefit is not helping patients as intended...

14.79%
DECREASE

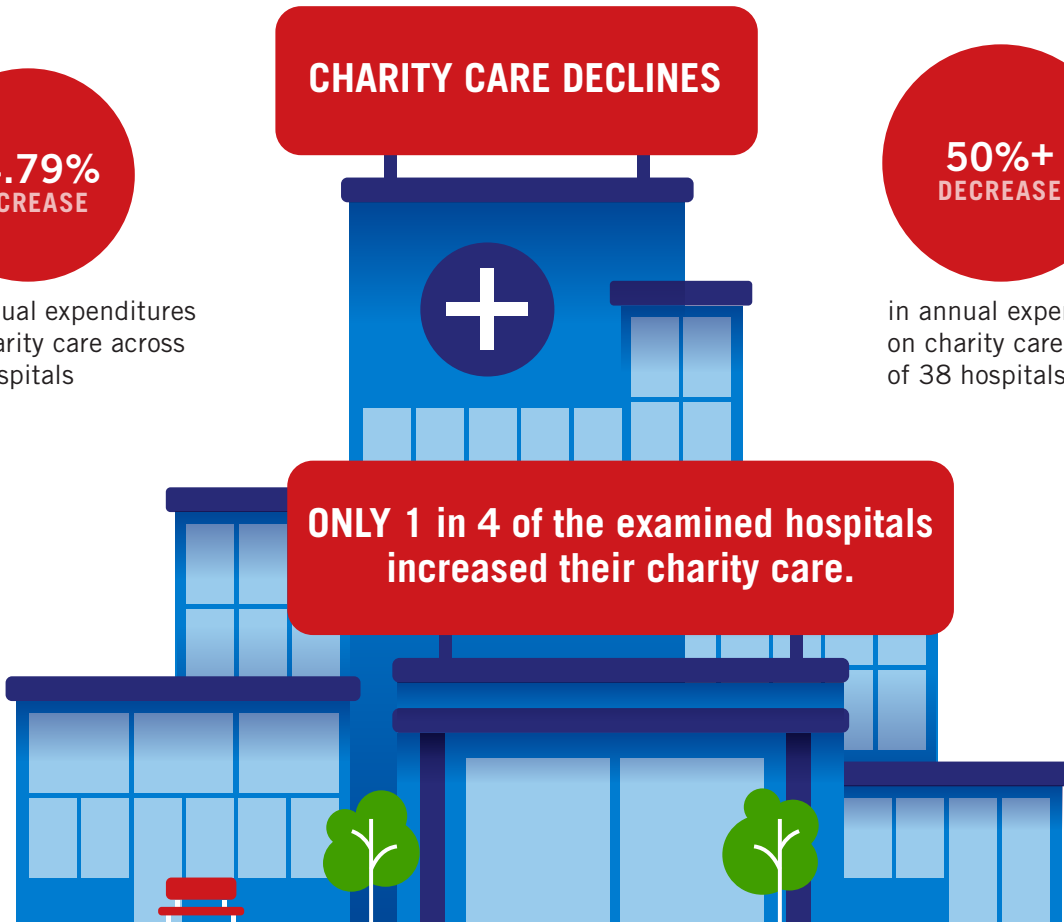

in annual expenditures on charity care across 38 hospitals

CHARITY CARE DECLINES

50%+
DECREASE

in annual expenditures on charity care in 12 of 38 hospitals

ONLY 1 in 4 of the examined hospitals increased their charity care.

EXAMINATION FROM THE YEAR PRIOR TO 340B ELIGIBILITY TO THE PRESENT DAY
